EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Wechkin on 3/23/06.

The application has been amended as follows:

In **Claim 1, at line 7**, after the word "having" the phrase --a generally downwardly and forward facing surface with--, has been added.

In **Claim 17, at line 7**, after the word "surface", the phrase --and having a generally downwardly facing surface with an aft fairing generally smoothly blended with the lower surface--, has been added.

In **Claim 28, at line 9**, after the word "having" the phrase --a generally downwardly and forward facing surface with--, has been added.

Claims 4,8,14,22,30, and 33 are hereby rejoined.

Claims 1-22 and 28-34 are allowed.

2. The following is an examiner's statement of reasons for allowance: The prior art of record all failed to show either alone and/or in combination a transonic airfoil with a shock control protrusion on the lower surface wherein the protrusion has a, aft fairing that is generally smoothly blended with the lower surface. Also it is taken that the "protrusion" is not a pylon or engine nacelle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy D. Collins whose telephone number is 571-272-6886. The examiner can normally be reached on M-F, 7:00-3:00, with every other Fri. off.
